Caveats and Disclaimers

All data is taken from the 2017-2018 Common Data Set except where otherwise noted.

We have made every effort to include all institutions that offer an Early Decision admission plan.

We attempted to contact each institution whose 2017-2018 Common Data Set was not publicly available. Some do not use the Common Data Set or a similar database and a few refused to share their data. These are labeled in the Source column as "data unavailable" or "data request denied." Others left blank have not responded to our requests.

To compute "Percent of Class Filled From Early Decision," we assume all accepted ED applicants enroll because most colleges do not report this data.

The information in each institution's Common Data Set is compiled by humans, as is this chart. Errors will be made, and we apologize for any we may be responsible for. If any are found, please let us know. If decisions require verifiable numbers, we suggest that you contact the institutions directly.
